Lottemaa Theme Park

In Lottemaa, over a hundred attractions, thematic houses, pleasant culinary experiences, exciting performances and concerts every day, souvenir shops and a beach are waiting to be discovered. There is enough to be discovered and invented as well as incredibly exciting adventures for the entire family to fill an entire day. Lottemaa, the largest theme park in the Baltic states, is actually Gadgetville located in a lovely forest by the sea; this place is already familiar from Lotte cartoons, musicals and books. The adventure park is opened during the summer season and at Christmas and New Year's Eve.

Valgeranna Adventure Park

There are a total of six adventure trails, each of which takes three hours to complete. While climbing, you can enjoy the beautiful view of the sea. Children aged 2 to 7 years can challenge themselves on the children's adventure trail, which is lower and includes suspended bridges, swings, and sliding down ropes.

Estonian Museum Railway at Lavassaare

4

More than 70 items of rolling stock, including five steam engines, can be seen in the museum that was established in the 1980s. Useful information: You can go for a ride on a museum train from June to September. You can choose whether you want to cover the 2 km railway section on a steam, diesel or picnic train.

Animal and bird park in Teispere Farm

The live park-garden of Teispere Farm is home to rabbits and various bird species – chickens, pigeons, pheasants, ducks, and geese. Among other animals, a pygmy goat and a lop-eared rabbit are waiting for children to pet them. Book a time and visit Teispere Farm with your family, friends, or a larger group.

Alpaca farm – the largest in Estonia!

In the Alpaca Farm, you can see alpacas – Peruvian animals grown for wool because of their wonderfully soft coat. Alpacas like to spend their days eating grass on the pastures. When guests arrive, they gather by the fence and wait for treats. In the farm, you can pet an alpaca and feed it treats. Beside alpacas, you can also see cute pygmy goats, miniature sheep, Angora rabbits, and chickens.

Soomaa National Park

Canoe trip

Soomaa's unique landscapes, bogs, floodplain meadows, and dunes provide new and surprising experiences every season. Soomaa's most distinctive feature is what the inhabitants of the local villages usually refer to as the "fifth season". According to the villagers, they have the four seasons of spring, summer, autumn and winter, but also a fifth season of high water. During the floods and high water, most of Soomaa is accessible by canoe, kayak, or dugout, and visitors are able to view areas that can otherwise only be reached in winter when everything is covered in snow and ice.

Bog shoe hike

Have you thought you would like to do something with your family that you can't do anywhere else? Bog shoeing is one of them. Bog shoes are a special equipment for walking / hiking on wet grounds. We recommend using a guide (soomaa.com, seiklewabaks.ee).

Playgrounds

11a

Playground on Pärnu beach

The playground has a range of attractions: a slide, climbing frames, sandboxes, as well as spring and traditional swings. The play area also has a safety cover. The proximity of the water and the beachside park create an enjoyable atmosphere.

Ranna Puiestee 1C, Pärnu
info@visitparnu.com

11b

Vallikäär playground in Pärnu

It has everything kids want in a playground, including swings, a sandpit and attractions designed to develop their imaginations. There is also some unusually designed and very comfortable seating for everyone. Fully renovated, the playground is close to the city's biggest fountain and shady limetree alleys.

Sadama 4, Pärnu
info@visitparnu.com

Beaches

12a

Pärnu beach

The beach is particularly well suited for families with children, as the water is shallow and warms up quickly in the sun, while the adjacent park offers protection from the cool northern winds. The beach has fun attractions for kids, swings, surfing equipment rental, mini golf, and lots of ice cream and other refreshments.

Ranna puiestee 1, Pärnu

12b

Valgeranna beach

The beach has a children's playground, adventure park, pedalo and sailing boat hire. You can have some ice cream or a bigger meal besides swimming and sunbathing. Valgeranna Beach and the forest grove are also popular walking places and they welcome you all through the year.

Valgeranna, Pärnu

12c

Kabli beach

Families with children love the shallow and warm sea. Kabli beach also has a promenade, which meanders through the sand and coastal meadows, nice picnic spots, playground and a summer café. But Kabli is not only for a beach holiday, it also has something for nature lovers. The Kabli bird watching point, nature study trail and the Kabli nature centre information point is just a couple of hundred metres from the beach. Camping sites are also near.

Kabli, Häädemeeste

Discover Pärnu by bike

Without a doubt, a bicycle is the most convenient way to get around in summertime Pärnu. There are more than 65 kilometres of bikeways and shared-use paths in Pärnu allowing you to tour the entire city. The bicycle provides an easy access to your favourite dining place, concert venue, or the beach. It is also the most convenient way to explore the parks in the city centre or the Jaanson Trail running along the river bank. There are several bike rentals in Pärnu.

www.bicyclerentalparnu.eu

14

Kihnu Travel Wheel

Kihnu Travel Wheel is the perfect round route for discovering the cultural and natural sights on Kihnu island by foot, with a bicycle or even with a nostalgic sidecar. Kihnu Travel Wheel is passable all year round, but the best time to visit the route is from April to October. There are several bike rental companies in Kihnu Harbor. Some days all the bicycles can be rented out. We recommend booking in advance.

16 Observation towers and cows on the Pärnu coastal meadow

The bird observation towers built at the end of Papiniidu and Hirve Street on the coastal meadow in Pärnu are perfect for observing birds and admiring the coastal meadow and the bay. Both rectangular towers have a unique wooden frame which means that they will not sway with the wind and you can undisturbedly observe the birds. In May, cows are brought here to maintain the meadows as they eat the reed and look adorable doing so. They are kept here until October.

Hiking trails

20a

RMK Rannametsa-Tolkuse Nature and Study Trail

The circular trail, which partly runs on a boardwalk, passes through the pine forest on the dunes and Tolkuse bog and leads to the largest bog-pool of the bog. The trail includes several points of interest, bog lakes, and rest spots. Next to the trail, there is an 18-metre-high observation tower on the highest dune in Estonia, Tornimägi, which provides a magnificent view of Tolkuse bog and Pärnu Bay. The nature trail is a perfect location for a family hike and for enjoying nature.

20b

Riisa study trail in the Soomaa National Park

The hike begins in a spacious bog and briefly runs through the forest. In places like these, you can see the forest turning into a bog and vice versa – dry ground is replaced by wet land, and swamp plants with ancient spruce forests. You can also see some beautiful swamp pools by the trail. This is perfect location for a family picnic. Riisa study trail is also accessible with a wheelchair and a baby carriage until the first swamp pool at the 1.2 km mark.

www.loodusegakoos.ee

info.soomaa@rmk.ee

20c

RMK Nigula Study Trail

The Nigula Nature Conservation Area was established to protect a 6400 ha area of untouched bogs, forests and meadows. The heart of the Nigula Conservation Area is the Nigula bog with its five bog islands covered in virgin forest and a large bog lake. An area rich in cranberries, which are also the symbol of Nigula, a lovely view of the bog can be enjoyed from the trail's watchtower – accessed by a 530 m wooden path.
